This publications database includes many of the most recent publications of the National Institute of Standards and Technology (NIST). The database, however, is not complete.

Publications | NIST

The purpose of the website is to provide information regarding the Superfund program for communities, cleanup professionals, and concerned citizens.

Superfund | US EPA

A rolling-element bearing, also known as a rolling bearing, is a bearing which carries a load by placing rolling elements (such as balls or rollers) between two bearing rings called races. The relative motion of the races causes the rolling elements to roll with very little rolling resistance and with little sliding.. One of the earliest and best-known rolling-element bearings are sets of logs ...
