David Young is a Professor and Community Health Specialist at Montana State University. His work involves improving the health and well-being of vulnerable, at-risk, marginalized, hard-to-reach populations. Young's research is focused on promoting health literacy, health insurance literacy, and improved self-care management skills of those who are incarcerated.

Health Literacy Out Loud Podcast – Podcast Interviews With

Health literacy is the ability to obtain, read, understand, and use healthcare information in order to make appropriate health decisions and follow instructions for treatment. There are multiple definitions of health literacy, in part, because health literacy involves both the context (or setting) in which health literacy demands are made (e.g., health care, media, internet or fitness facility ...
