Site Design, Parking and Zoning for Shopping Centers. Download original report (pdf) Suburban shopping centers have come into existence, grown in size, and increased in number not because they offer new products or better stores than are to be found in central business districts, but because they are convenient.

An Asian supermarket is a category of grocery stores in Western countries that stocks items imported from the multiple countries in East, South and Southeast Asia. Supermarkets in Asia generally (except for the Middle East) have no equivalent to the "Asian" supermarkets of the West; foodstuffs in each respective Asian country have vastly different regulations and supply chains from one another ...
