

narrative in fiction and pdf

The setting is both the time and geographic location within a narrative, either nonfiction or fiction. A literary element, the setting helps initiate the main backdrop and mood for a story. Setting has been referred to as story world or milieu to include a context (especially society) beyond the immediate surroundings of the story. Elements of setting may include culture, historical period ...

Setting (narrative) - Wikipedia

Narrative structure, a literary element, is generally described as the structural framework that underlies the order and manner in which a narrative is presented to a reader, listener, or viewer. The narrative text structures are the plot and the setting
