A Level Physics

Physics is the study of the world around us. In a sense we are more qualified to do physics than any other science. From the day we are born we study the things around us in an effort to understand how they work and relate to each other. Learning how to catch or throw a ball is a physics undertaking for example.

The Cambridge O Level Physics syllabus helps learners to understand the technological world in which they live, and take an informed interest in science and scientific developments. Learners gain an understanding of the basic principles of physics through a mix of theoretical and practical studies.

Cambridge Level Physics (5054)

The new wavefront is found by drawing a tangent to the circle from Y. If the tangent meets the circle at point Z, then the new wavefront is YZ. Using some simple geometry, an important relationship can be found relating the angle of incidence \hat{i}_1 , the angle of refraction \hat{i}_2 with the velocity of light c_1 and c_2 in the respective media.
