The Scars of Victory. John 20:1-20. This has been a whirlwind week full of meetings, visiting people who were in the hospital, sitting with the Trotter family as we planned Larry's funeral, joining with folks from the choir on Thursday night at Ellis and Kathy Meeks' home to pray, ask the Lord for His mercy, and to say, "Good bye" to an awesome friend.

A scar is an area of fibrous tissue that replaces normal skin after an injury. Scars result from the biological process of wound repair in the skin, as well as in other organs and tissues of the body. Thus, scarring is a natural part of the healing process. With the exception of very minor lesions, every wound (e.g., after accident, disease, or surgery) results in some degree of scarring.
