CareScribble - Free Nursing Care Plans Builder Tools

Nursing is a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses may be differentiated from other health care providers by their approach to patient care, training, and scope of practice. Nurses practice in many specialties with differing levels of prescription ...

Nursing - Wikipedia

Nursing homes require that an RN be present to assess residents and to monitor their outcomes. The RN's job duties include implementing care plans, administering medications, recording and maintaining accurate reports for each resident, monitoring and recording medical changes and providing direction to the nursing assistant and licensed practical nurses or licensed vocational nurses.
