I don't know if it is the way, but it is an approach I often propose on Quora. Following this method will allow you to learn programming principles using the Python language rather than just learn Python as a programming language.. This is an important distinction because in programming it is the fundamentals that are important.

### **How should I start learning Python? - Quora**

Beautiful is better than ugly. Explicit is better than implicit. Simple is better than complex. Complex is better than complicated. Flat is better than nested.
