A developing country (or a low and middle income country (LMIC), less developed country, less economically developed country (LEDC), or underdeveloped country) is a country with a less developed industrial base and a low Human Development Index (HDI) relative to other countries. However, this definition is not universally agreed upon. There is also no clear agreement on which countries fit ...

3. Resilience Through Self-Awareness. Basically, self-awareness is about knowing the A-B-C of our mind, where A is the Antecedent or the cause that has led to the current situation, B is the behavior or the way we have chosen to react to it, and C is the consequence that our actions and emotions are likely to bring. Identifying the A-B-Cs of every stressful encounter makes a person more ...

In 2007, meat production remained steady at an estimated 275 million tons; in 2008, output is expected to top 280 million tons. 1 (See Figure 1.) Experts predict that by 2050 nearly twice as much meat will be produced as today, for a projected total of more than 465 million tons. 2 For more than a decade, the strongest increases in production have been in the developing world-in 1995 more meat ...

A civilian is "a person who is not a member of the military or of a police or firefighting force". The term "civilian" is slightly different from a non-combatant under the law of war, as some non-combatants are not civilians (for example, military chaplains attached to the belligerent armed forces or neutral military personnel). Under international law, civilians in the territories of a party ...
