Human resource management (HRM) has frequently been described as a concept with two distinct forms: soft and hard. The soft model emphasizes individuals and their self-direction and places commitment, trust, and self-regulated behaviour at the centre of any strategic approach to people. In contrast, the hard model stresses the rationalism of strategic fit and places emphasis on performance ...

Modern history, the modern period or the modern era, is the linear, global, historiographical approach to the time frame after post-classical history. Modern history can be further broken down into periods: The early modern period began approximately in the early 16th century; notable historical milestones included the European Renaissance, the Age of Discovery, and the Protestant Reformation.

The history of geography includes many histories of geography which have differed over time and between different cultural and political groups. In more recent developments, geography has become a distinct academic discipline. 'Geography' derives from the Greek  $\gamma\epsilon\omicron\gamma\alpha\phi\iota\alpha$  "geographia, a literal translation of which would be "to describe or write about the Earth".
