world of computer science pdf

The Department of Computer Science at the University of Colorado Boulder was founded in 1970 and incorporated into the College of Engineering and Applied Science in 1980. We offer undergraduate and graduate degree programs, as well as a minor in Computer Science.

Computer Science | University of Colorado Boulder

Computer science is the theory, experimentation, and engineering that form the basis for the design and use of computers. It involves the study of algorithms that process, store, and communicate digital information. A computer scientist specializes in the theory of computation and the design of computational systems.. Its fields can be divided into a variety of theoretical and practical disciplines.
