A technical writer is a professional information communicator whose task it is to transfer information (knowledge) between two or more parties, through any medium that best facilitates the transfer and comprehension of the information. Technical writers research and create information through a variety of delivery mediums (electronic, printed, audio-visual and even touch).

A document is a written, drawn, presented, or memorialized representation of thought. The word originates from the Latin documentum, which denotes a "teaching" or "lesson": the verb doceÅ denotes "to teach". In the past, the word was usually used to denote a written proof useful as evidence of a truth or fact. In the computer age, "document" usually denotes a primarily textual computer file ...
