A website content writer or web content writer is a person who specializes in providing relevant content for websites. Every website has a specific target audience and requires the most relevant content. Content should contain keywords (specific business-related terms, which internet users might use in order to search for services or products) aimed towards improving a website's SEO.

Writing systems are distinguished from other possible symbolic communication systems in that a writing system is always associated with at least one spoken language. In contrast, visual representations such as drawings, paintings, and non-verbal items on maps, such as contour lines, are not language-related.
